

Apps available on Android through

The following Apps are what we have found in our research as good educational Apps to use on Android devices. We thank Allannah King for allowing us to use her material.

	<p>Tellagami (free)</p> <p>Construct an avatar, upload a background or use one of theirs. Record your voice or type text. Export to Camera Roll or get the embed code. Here is a blog post with examples of how Tellagami can work at all levels of the SAMR model.</p> <p>https://play.google.com/store/apps/details?id=com.tellagami.Tellagami</p> <p>iPod Touch, iPhone, iPad, Android</p>
	<p>Pic Collage (free)</p> <p>Great app for combining photos into collages.</p> <p>Look for the tutorial on how to use it and embed photo on your blog here.</p> <p>https://play.google.com/store/apps/details?id=com.cardinalblue.piccollage.google</p>
	<p>Explain Everything (\$4.07)</p> <p>Stunningly good screen recording app that was recently released on Android- been on the iPad for ages.</p> <p>https://play.google.com/store/apps/details?id=com.morriscooke.explaineverything&hl=en</p>
	<p>Evernote (Free)</p> <p>Write notes, take photos, record audio. Tag it and synch it over all your devices. A must have.</p> <p>https://play.google.com/store/apps/details?id=com.evernote</p>
	<p>QR Reader for Android (free)</p> <p>An easy QR Code Reader. If you want to know more about QR codes read my blog posts about QR Codes here.</p> <p>https://play.google.com/store/apps/details?id=uk.tapmedia.qrreader</p>
	<p>Pirate Scribblebeard (\$2.38)</p> <p>Very find of this one. You get an object and you creatively draw in the rest of the picture to compliment the story.</p> <p>https://play.google.com/store/apps/details?id=air.com.kidoodleapps.pirate</p>
	<p>Kids Doodle (free)</p> <p>Draw flourecent lines. When you're done it will play back what you have recorded. Exports as a photo only.</p> <p>https://play.google.com/store/apps/details?id=com.doodlejoy.studio.kidsdoojoy</p>

	<p>Write (free)</p> <p>Handwritten note taking and editing.</p> <p>https://play.google.com/store/apps/details?id=com.styluslabs.write</p>
	<p>Write ABC (\$2.34)</p> <p>There is a free version but it only does capital letters. Pay a little and get lower case letters as well.</p> <p>https://play.google.com/store/apps/details?id=com.kindergarten.MathPreScool3Pay&hl=en</p>
	<p>Skoolbo (free)</p> <p>Multiplatform (Download Mac or PC, Android or iPad) http://skoolbo.com/ support for literacy and numeracy targeted for 4-10 year olds.</p> <p>https://play.google.com/store/apps/details?id=com.skoolbo.skoolbocoreskills</p>
	<p>Math Bingo (\$1.22)</p> <p>The music could soon get irritating but kids love it. Like it cos you can add a few individual names and change the operation.</p> <p>https://play.google.com/store/apps/details?id=com.mathbingopaid</p>
	<p>Ten Monkeys (free)</p> <p>Answer multiplication problems as quickly as possible</p> <p>https://play.google.com/store/apps/details?id=com.tenmonkeys.multiplication</p>
	<p>Kids Math (\$2.42)</p> <p>Basic number recognition and sequencing. The developer makes other similar early years apps as well.</p> <p>https://play.google.com/store/apps/details?id=com.shinycube.android.fun4kids.kidsmath</p>
	<p>Rush Hour (\$2.61)</p> <p>Logic puzzle</p> <p>https://play.google.com/store/apps/details?id=mainwood.android.rushhour</p>
	<p>Tell the time with Bubbimals (\$1.31)</p> <p>Gets progressively more challenging</p> <p>https://play.google.com/store/apps/details?id=air.TellTheTime</p>
	<p>Boggle (free)</p> <p>Just like the physical game. This link is for the iPad version but there is an iPod Touch version as well.</p> <p>https://play.google.com/store/apps/details?id=com.ea.boggle_row</p>

Spelling City (free)
 Complimentary to the web based version of Spelling City
<https://play.google.com/store/apps/details?id=air.com.spellingcity.VocabularySpellingCityAndroid>

iStorybooks (free)
 Multiple junior story books.
<https://play.google.com/store/apps/details?id=com.infomarvel.istorybooks>

The Lorax (\$5.94)
 The eBook version of the Dr Seuss story.
https://play.google.com/store/apps/details?id=com.oceanhouse_media.booklorax_app

Car Creator : Test Drive
 Children create the car of their dreams as a prompt for writing.
https://play.google.com/store/apps/details?id=com.dreamcortex.createACar3D_android&hl=en

Make a Monster
 Children create a monster and use it as a prompt for writing.
<https://play.google.com/store/apps/details?id=com.monstergame.makeamonster&hl=en>

colAR Mix- 3D coloring book app (free at the time I got it)
 A cool Kiwi company makes this colouring in app. You print off the prompts and colour them in the old fashioned way. AR brings your colouring to life. Try the pukeko.
<https://play.google.com/store/apps/details?id=com.puteko.colarmix>

AR Flashcards (\$1.29)
 Download the prompt. Aim the app and you get the letters of the alphabet. You can interact with each animal letter of the alphabet.
<https://play.google.com/store/apps/details?id=com.mitchlehan.arflashcardsaa>

Word Lens (\$5.99)
 Fire it at a sign in a different language and it translates it to English for you.
<https://play.google.com/store/apps/details?id=com.questvisual.wordlens>

Guinness World Record 2013 (free)
 Use with selected page of the 2013 Guinness World Record Book to see the pages come alive- I particularly like the shark and the spider. Brrrrrr.
<https://play.google.com/store/apps/details?id=com.gwr.seeit3d>
