

Senior Syndicate Home Learning Plan 2022

Dear Parents, Caregivers and Whanau

With the move to Phase 3 in our response to the Omicron Covid variant. We have put together some activities for your child to do while they are isolating.

All students in the Senior Syndicate have a school email address and belong to their **Home Room Online Environment** in **Google Classroom**. **Spelling words and some word work activities will be available through this platform.**

Students also have access to:

Epic Reading between **9:00am and 3:00pm**

StudyLadder - it has a range of maths, science and literacy content. If your child can't remember their login details, please email your child's teacher.

The Writer's Toolbox - students use their school email address to login and use the password **Pupil**. There are online daily writing tasks for them to complete

Seesaw - students sign in with their school email address to login

Here is the information for you to refer to and support your child if they have forgotten their email address:

Your child's email address, in most cases, is the first three letters of their first name and the first three letters of their surname, followed by @maunu.school.nz

The students know their password. If they forget these for any reason, please contact your child's teacher.

If you have forgotten how to log into your Google Account, here is a video that Mr Wright has made to guide you.

If you have any questions about your child's learning or the activities, please feel free to email us or message us via Seesaw.
